After breakfast we will venture out to Acadia National Park. ANP has an unusual combination of mountain scenery and shoreline within its 35,000 acres. While there, we will drive the 20 mile Park Loop Road taking in beautiful views of ocean, mountains and forests, giving us plenty of time to photograph the scenery. Meanwhile, back at Humboldt our first group of Moose Adventurists will return with big smiles on their faces. Our second group will depart mid-afternoon.

Wednesday, June 20th

The second group will return early afternoon where our third and final group of Moosers will leave for their adventure.

Today we will venture out to Jonesport as well as stopping whenever the fancy takes us. Jonesport's principal industry is fishing, boat building and harvesting blueberries. There are amazing photo opportunities in this photogenic, lost in time village.
